The faculty, non teaching staff-members, research scholars and post-doctoral fellows and students of Department of Biochemistry, Panjab University, Chandigarh were made aware of the 'Swachh Bharat' mass movement by circulating notices as well as displaying notices on display boards. Extensive cleanliness drive was undertaken in and around the building from September 2017 onwards. The Swachhta Ambassador Committee (SAC) was re-constituted and duties were assigned to various members to ensure maintenance of cleanliness. A duty roaster of the staff was prepared in consultation with the

technical/office staff to contribute in cleaning and maintaining cleanliness in designated areas. All the teaching and non-teaching staff was informed about the duties in specific areas.

An important task was to arrange the files in and around the offices. For this, the faculty made efforts to make sure that papers were neatly filed and arranged in almirahs in their respective offices. Whenever the faculty expressed scarcity of covered space, they were provided with almirahs, filing cabinets, racks, etc. Locks were repaired so as to make efficient use of old storage spaces/ cabinets and metal almirahs.

The technical staff sat for several hours (putting in extra time whenever they could) and helped the office in not only assembling the files and putting them in order, but also prepared a detailed catalogue with numbering of the shelf slots. This made things very easy for the office to locate their files.

Another essential task was to get rid of the old, non-functional instruments, computers and other laboratory items like broken boxes, vessels, etc. The write-off committee was instrumental in ensuring the proper auction procedure and disposal of these items. This gave way to vacating sections of space.

The department store was also cleaned and arranged. Old empty bottles, boxes, etc were disposed off. The process is continuing as there is more to do in this area.
